Folk Song and dance Ensemble Podlasie, University of Physical Education in Biala Podlaska Poland, 1970-2025

The Song and Dance Ensemble "Podlasie" of the University of Physical Education in Biała Podlaska is an "ambassador" of Polish culture in Poland and abroad. Since 1970, it has participated in prestigious and international folklore festivals worldwide and is a member of the Polish Section of CIOFF®. The group's activities are mainly based on education and popularization of Dance. It has educated many instructors and animators, and the importance of this many years of work is constantly emphasized by students and graduates associated with developing and promoting native culture. "Podlasie" is a group with an unusual DNA that combines tradition and modernity with respect for the culture of the region while at the same time making arrangements. "Podlasie" has Polish national dances in its rich repertoire and dances from many regions of

the nation. Another innovative undertaking in this rich repertoire is the combination of Podlasie dance folklore and jazz music. Artistic activity is reinforced by dance and music performances and shows, which have become a permanent part of the group's canon. Thanks to the staff and academic disposition, many educational and scientific research projects are carried out within the group's activities. The group, together with the Dance Department of the Biała Podlaska AWF, is the organizer of numerous dance workshops and is aware of the changes taking place; original ideas and musical postgraduate studies in the field of Dance were carried out under the partnership of PS CIOFF®.
